PRELIMINARY STATEMENT

George Goodritz (the “Plaintiff”), by and through his counsel, brings this lawsuit against Walnut Street Theatre Company and Parkway Parking Management, LLC., seeking all available relief under the Americans with Disabilities Act for the failure to comply with the Act’s accessibility requirements. Plaintiff is seeking injunctive relief requiring the Defendants to remove the accessibility barriers which exist at their parking facility. The allegations contained herein are based on personal experience of the Plaintiff.

4. Venue is proper in this judicial District as provided by 28 U.S.C. §1391(b).

III. PARTIES

5. Plaintiff is a 69 year-old adult male who currently resides in Montgomery County, in the Commonwealth of Pennsylvania.
6. Plaintiff is a disabled individual.
7. Defendant Walnut Street Theatre Company (“Defendant Walnut”) is a domestic corporation registered with the Pennsylvania Department of State under entity identification number 379060.
8. According to the Philadelphia Board of Revision of Taxes, Defendant Walnut is the owner of 805 Walnut Street, having a tax account number of 885768300.
9. Defendant Walnut has a business address of 825 Walnut Street, Philadelphia, PA 19107.

10. Defendant Parkway Parking Management, LLC (“Defendant Parkway”) is a domestic limited liability company registered with the Pennsylvania Department of State under entity identification number 4297462.
11. Defendant Parkway has a business address of 150 North Broad Street, Philadelphia, PA 19102.
12. Defendant Walnut and Defendant Parkway are collectively referred to herein as the “Defendants.”

IV. STATEMENT OF FACTS

The Parking Facility

13. Defendant Walnut owns a public parking facility located at 805 Walnut Street, Philadelphia, Pennsylvania 19107 (the “Parking Facility”).
14. Upon information and belief, Defendant Parkway manages the Parking Facility for Defendant Walnut.
15. For a fee, an individual can park a vehicle in the Parking Facility at the prevailing market rates.
16. The Parking Facility has approximately 187 (one-hundred-eighty-seven) spaces located in an outdoor parking lot.
17. The Parking Facility has only 1 (one) handicap- accessible parking space. (**See Exhibit A**)
18. The Parking Facility offers self-parking, whereby a customer parks his or her vehicle upon entering.
19. Customers enter the Parking Facility via an entrance located on Walnut Street.

20. The Parking Facility's entrance has an entrance gate where the customer obtains a system-generated "ticket."
21. After the ticket is generated and taken by the customer, the entrance gate raises, allowing the customer to drive his or her vehicle into the Parking Facility.
22. Once inside the Parking Facility, the customer must locate an empty parking space within the Parking Facility's lot to park his or her vehicle.
23. After parking the vehicle, the customer gives his or her key to the Parking Facility's attendant.
24. Upon information and belief, customers must leave their keys with the Parking Facility's attendant so that the vehicles can be jockeyed within the lot to maximize the number of vehicles that can be parked.
25. Upon the conclusion of the customer's use of the Parking Facility, the customer must pay at one of the kiosks located on the premises; this payment kiosk accepts payment for the time that the customer's vehicle was at the Parking Facility.
26. After the customer pays at the kiosk, the customer receives the ticket to exit the Parking Facility which must be inserted into the appropriate place on the exit gate.
27. Prior to exiting, the customer must inform the Parking Facility's attendant who retrieves the customer's vehicle.
28. At the exit, the customer must insert the ticket into the appropriate place on the exit gate.
29. After the ticket is inserted at the exit gate, the exit gate is lifted and the customer is able to drive his or her vehicle out of the Parking Facility.

30. The Parking Facility is not a valet-only facility; customers are able to self-park their vehicles.

The Plaintiff

31. The Plaintiff is a disabled individual within the meaning of the ADA.

32. The Plaintiff has difficulty walking.

33. The Plaintiff possesses a handicapped parking placard issued by the Commonwealth of Pennsylvania.

34. The Plaintiff's handicapped parking placard permits him to park his vehicle in spaces designated as being handicap-accessible.

35. The Plaintiff's personal vehicle is a 2016 Toyota RAV 4.

36. The Plaintiff's handicapped placard hangs on the rear-view mirror of his vehicle.

37. The Plaintiff travels to Philadelphia frequently, and is often unable to find parking on the streets.

38. Plaintiff parks in a parking garage when on-street parking is not available.

39. The Plaintiff has patronized the Parking Facility.

40. The Plaintiff would patronize the Parking Facility in the future, but is currently deterred because of the lack of any handicap-accessible parking places.

THE AMERICANS WITH DISABILITIES ACT

41. Congress enacted the Americans with Disabilities Act ("ADA") in 1990 with the purpose of providing "[a] clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities" and "[c]lear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities." 42 U.S.C. § 12101(b).

42. The ADA provides a private right of action for injunctive relief to “any person who is being subject to discrimination on the basis of disability.” 42 U.S.C. § 12188(a)(1).
43. Under the ADA, a disability is defined as “(A) a physical or mental impairment that substantially limits one or more major life activities of such individual; (B) a record of such an impairment; or (C) being regarded as having such an impairment.” 42 U.S.C. § 12102(1).
44. A “public accommodation” are private entities whose operations affect commerce. See 42 U.S.C. § 12181(7).
45. Title III of the ADA provides that “[n]o individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation by any person who owns, leases (or leases to), or operates a place of public accommodation.” 42 U.S.C. § 12182.
46. “It shall be discriminatory to afford an individual or class of individuals, on the basis of a disability or disabilities of such individual or class, directly, or through contractual, licensing, or other arrangements with the opportunity to participate in or benefit from a good, service, facility, privilege, advantage, or accommodation that is not equal to that afforded to other individuals.” 42 U.S.C. § 12182(b)(1)(A)(ii).
47. In relevant part, Title III requires that the facilities of a public accommodation be “readily accessible to and usable by individuals with disabilities, except where an entity can demonstrate that it is structurally impracticable.” 42 U.S.C. § 12183(a)(1).
48. “Readily achievable” means easily accomplishable and able to be carried out without much difficulty or expense. 28 C.F.R. § 36.104.

49. Places of public accommodation and commercial facilities that are newly constructed for occupancy beginning after January 26, 1992, must be “readily accessible to and usable by” individuals with disabilities. 28 C.F.R. § 36.401(a) (1).
50. Existing facilities whose construction predates January 26, 1992, must meet the lesser “barrier removal standard,” which requires the removal of barriers wherever it is “easily accomplishable and able to be done without undue burden or expense.” 28 C.F.R. § 36.304(a).
51. Discrimination, for purposes of a public accommodation, includes “[a] failure to design and construct facilities for first occupancy later than 30 months after July 26, 1990, that are readily accessible to and usable by individuals with disabilities” except where an entity can demonstrate that it is structurally impracticable to meet the requirements set forth by the ADA. 42 U.S.C. § 12183.
52. Under the ADA, businesses or privately owned facilities that provide goods or services to the public have a continuing obligation to remove accessibility barriers in existing parking lots when it is readily achievable to do so.
53. The restriping/repainting of the parking space borders is relatively inexpensive, and should be readily achievable and easily accomplishable.

Accessible Parking under the ADA

54. The 1991 implementing rules and the 2010 revisions to the ADA set forth the following requirements for handicap-accessible parking spaces:¹

62. ADA accessibility standards require that accessible parking spaces be located on the shortest accessible route from adjacent parking to the accessible entrance of the building.⁸
63. ADA Guidance Standards provide that “[a] “path of travel” includes a continuous, unobstructed way of pedestrian passage by means of which the altered area may be approached, entered, and exited, and which connects the altered area with an exterior approach (including sidewalks, streets, and parking areas), an entrance to the facility, and other parts of the facility.”⁹
64. “An accessible path of travel may consist of walks and sidewalks, curb ramps and other interior or exterior pedestrian ramps; clear floor paths through lobbies, corridors, rooms, and other improved areas; parking access aisles; elevators and lifts; or a combination of these elements.”¹⁰

67. The passenger loading zone must be located on an accessible route to the entrance of the facility.¹²

68. Access aisles must adjoin an accessible route and cannot overlap the vehicular way.

Signage and the ADA

69. The ADA standards require the use of the International Symbol of Accessibility (ISA) to identify parking spaces which are reserved for use by individuals with disabilities.¹³
(See Exhibit D)

70. The ISA must be used to identify accessible passenger loading zones.

71. Directional signage must be used at inaccessible entrances to provide directions to the nearest accessible route.
